

**KCS Doors Ltd take Health & Safety of our employees, clients, other contractors and the general public very seriously.**

All work is undertaken within well established safe working procedures, which in many cases are backed up by comprehensive site specific Method Statements and Risk Assessments.

All employees are fully product trained to carry out their work safely, and all installers hold CSCS cards which show a level of Health & Safety knowledge in addition to their work experience.

We have engaged the services of a Chartered Health & Safety Consultant, Chris Fantom of Safe & Sound, who is available to assist and advise the Company as necessary. He carries out annual Health & Safety Audits, site visits and risk assessments as required. Chris can be contacted through his web site [www.healthandsafetywm.co.uk](http://www.healthandsafetywm.co.uk) or email [chris@healthandsafetywm.co.uk](mailto:chris@healthandsafetywm.co.uk)  
Risk assessments include;

- Fire
- General
- Noise
- COSHH and Manual Handling
- 

The Health & Safety Policy is accompanied by a Driving at Work Policy, Health & Safety Rules and other associated documents.

KCS Doors Ltd carry comprehensive Employer, Public and Product Liability Insurance, and copies of the relevant documents are available on request.
